Puerto Rico

ECONOMY AND SUSTAINABILITY NOW

REBUILD AND RENEW PUERTO RICO

CONVENTION NOVEMBER 14, 2009

AIA Puerto Rico wants the architect to be leader in the discussion of economy and sustainability. The architect should have all the information and education in order to lead the process and make the changes. The American Institute of Architects will collaborate capacitating its members and bringing all the resources to *Rebuild and Renew* Puerto Rico.

8:30-9:00 **REGISTRATION**

9:00-10:00 **BOARD ANNUAL MEETING**

10:00-10:30 **BREAK**

10:30-12:00 **The Five Stages of Building Information Modeling Implementation (BIM) 1.5 LU**

Kevin J. Connolly, AIA

The seminar will explore some of the aspects of each stage and describe some of the benefits now being seen in the areas of sustainability, constructability, cost and schedule improvements, functionality and more.

12:00-1:00 **LUNCH**

1:00-2:30 **Change is not optional; Sustainability, Integrated Project Delivery (IPD) 1.5 LU**

Markku Allison, AIA

Focused on the necessary goal of ecologically responsible design and fully integrated project teams, this presentation will cover the ideas behind IPD and the forces driving change and the beneficial implications for architects, contractors and owners.

2:30-3:00 **BIM AND IPD, AFTER THE THEORY**

Presenters will discuss with the audience both processes

Kevin Connolly, AIA and Markku Allison, AIA

3:00-3:30 **BREAK**

3:30-4:30 **COOL CITIES and THE CLIMATE PROJECT 1.0 LU**

Local and global sustainability, key for architects and professionals diversifying their knowledge and practices.

Cool Cities is the initiative that brings solutions in the theme of sustainability to the local governments' one city at a time.

Fernando Abreu, FAIA and Diana Luna, AIA

The Climate Project is the worldwide organization lead by former US Vice President and Nobel Laureate Al Gore to educate the public and to raise awareness about climate change.

Susan Padeco, MD, representing Mr. Al Gore, former US Vice President

4:30-5:30 **ECONOMY AND SUSTAINABILITY, NOW 1.0 LU**

From a local and global perspective. Public Policy in Puerto Rico for energy, The Rebuild and Renew Program from the AIA and an architectural small firm perspective, Green Code and ARRA from USA. Opportunities in which the architect will lead the discussion to participate and bring alternatives.

Lcdo. Luis Bernal

Director, State Energy Administration, Government of Puerto Rico

Mickey Jacob, FAIA
